HIEROWEB INTERACTIVE PRESS RELEASE

[iBill Sucks](#) Website Launches!

[Internet Billing Company](#) iBill processes online credit card orders for thousands of websites around the world. These are generally small businesses that cannot generally afford to obtain their own merchant account, or businesses operating in a high risk online market, who have hired iBill to process their orders. In return iBill takes up to nearly 20 percent off the top for themselves, plus another 10 percent for reserves, for a whopping 30 percent that iBill removes from the customer. And for what? The process takes only a minute and a third of the gross sale is gone, eaten up by iBill. Okay, that leaves around 70 percent for the small business to operate. Right? -End-
